

POWDER FREE NITRILE GLOVES INDUSTRIAL GRADE

INS-GL-DRK3-100

The powder-free DARK 3 nitrile gloves are a reliable protection solution for a variety of applications.

Made from high-quality nitrile, these gloves offer excellent resistance to chemicals, germs, and bacteria while providing great dexterity and a comfortable fit.

Their black color makes them ideal for use in environments that require a professional aesthetic. These gloves are comfortable, durable, and provide excellent dexterity, making them suitable for a variety of applications.

With a thickness of 3.2 mil, these powder-free gloves provide optimal protection while allowing maximum tactile sensation.

INSTRUCTION FOR USE

Before putting on gloves hands must be clean and dry. Gloves do not replace the need for hand hygiene. Hands must be washed every time gloves are removed to avoid contamination. Gloves are for single use. Reuse of gloves has been associated with transmission of antibiotic-resistant organisms. Change gloves if moving from a contaminated area to a non-contaminated area. Be sure to wear gloves that fit properly, gloves should fit snugly around wrists and hands. Different sizes are available.

100 pieces per box, 10 boxes per shipping carton. Store in a cool, dry place. Avoid excessive heat (40°C, 104°F). Shield open boxes from direct sun and fluorescent lighting. To order, please refer to a specific size and mention the product code.
