

## Laundry booster for commercial laundries

Boost the power of your wash.

### L'allié performance du lavage professionnel!

**INO PRO wash 102** is an alkaline liquid product that increases the power of the detergent. It is highly effective at removing oil and grease stains. It prevents fabric graying by stopping soil redeposition.

#### BENEFITS

Optimizes detergent performance

Enhances whiteness and cleanliness

Protects the structure and lifespan of the fibers

To be combined with ProWash 101 or 104 depending on your needs

#### DIRECTIONS FOR USE

Formulated for use in automated dispensing systems. Contact customer service to schedule an appointment with our technician for calibration or with our representative for more information.
