

# ALL SURFACE CLEANER

*Tackles all your commercial cleaning needs - effectively and safely with ONE product*

A unique blend of beneficial bacteria and enzymes, natural solvents and surfactants designed to cut through and eliminate difficult-to-clean dirt, grime and grease quickly and safely on virtually any surface. Performance tested and proven under UL 2792 ECO LOGO Certification.

The natural, plant-based solvents and surfactants work away to break up the dirt, oil and grease, making it easier for the bacteria to get to work and consume dirt. Nature's Pond All-Surface Cleaner is used to clean floors, windows, countertops, carpets, walls, elevators, appliances – anywhere there's dirt and grease.

It's strong enough to tackle the toughest of cleaning tasks – even that difficult to remove ground-in dirt and grime in between tiles. When it comes to cleaning carpets and textiles, it's a fast-acting spot-treatment and carpet degreaser which also eliminates lingering malodors. A safe to use, non-corrosive solutions that can be used in commercial carpet systems without having to worry about damaging or corroding machine parts.

Nature's Pond 'All-Surface Cleaner' is 100% natural and biodegradable. And because it is PH neutral, it is gentle on your hands and won't damage surfaces, equipment, plumbing, drainage or septic systems.

This natural, all-surface cleaner is especially kind to the environment. It is preservative-free, contains no synthetic dyes or fragrances and is free from harmful ammonia, chlorine and toxic phosphates present in many other surface cleaners. Recommended for use in all cleaning environments including ones that are prone to hypersensitivity.

This all surface cleaning product is used by professionals to:

- ✓ Promote the safety and sustainability factor of their cleaning materials
- ✓ Consolidate all the various cleaning products into one environmentally friendly solution, that is non-toxic, hypo-allergenic and releases NO harmful Volatile Organic Compounds (VOCs).
- ✓ Improve employee morale by reassuring them the products being used are safe for them, the environment and their customers
- ✓ Provide a better and safer clean
