

ALL PURPOSE BATHROOM CLEANER

Nature's Pond 'All Purpose Bathroom Cleaner is a unique blend of beneficial bacteria and enzymes, natural solvents and surfactants used for cleaning the entire bathroom. This product is designed to reduce odors, stains and effectively metabolizes fats oils and greases which may block plumbing and pipes; without leaving behind toxic residues that are harmful to the environment. The special bacterial culture in our 'All Purpose Bathroom Cleaner' also consumes harmful phosphates from soaps and detergents which may pollute our fresh water resources.

The natural, plant-based solvents and surfactants work to break down the dirt, oil and grease, making it easier for the bacteria to consume dirt and organic waste in the bathrooms. A safe to use, non-corrosive solution that is strong enough to attack the toughest of cleaning tasks in the bathroom– even that difficult to remove ground-in dirt and grime in between bathroom tiles. It is also infused with Nature's Pond proprietary forest scent essential oil that deodorizes as it cleans in order to cut through bathroom smells leaving it smelling clean and fresh.

Nature's Pond All Purpose Bathroom cleaner is used to clean toilets, urinals, showers, sinks, tubs, floors, walls, tiles, shower glass – all bathroom surfaces.

Nature's Pond 'All Purpose Bathroom Cleaner' is 100% natural and biodegradable. It is PH neutral, which makes it gentle on hands and won't damage bathroom surfaces, plumbing or drainage systems. Our natural, all purpose bathroom cleaner is particularly gentle on the environment. It is preservative-free, contains no synthetic dyes or fragrances and is free from harmful ammonia, chlorine and toxic phosphates presented in many other bathroom cleaners. Recommended for use in all cleaning bathrooms universally, including ones that are prone to hypersensitivity.

This all-purpose bathroom cleaning product is used by professionals to:

- ✔ Promote the safety and sustainability factor of their cleaning materials
- ✔ Consolidate all the various cleaning products into one environmentally friendly solution, that is non-toxic, hypo-allergenic and releases NO harmful Volatile Organic Compounds (VOCs).
- ✔ Improve employee morale by reassuring them the products being used are safe for them, the environment and their customers
- ✔ Provide a better and safer clean
