

# PROTECT

## Stokoderm® Grip PURE

Skin Defense Cream - Improves Grip

### PRODUCT DESCRIPTION

Perfume-free and dye-free universal pre-work cream containing Eucoriol®, a unique skin strengthening agent, to help stop skin softening under gloves and PPE and improve grip in damp environments.

### WHERE TO USE

Variable, changing contamination (such as oil, grease, lubricants and detergents); gloves and PPE worn intermittently.

### HOW TO USE

- Apply to clean and dry skin before starting work, after washing hands and after lengthy breaks
- Rub small amount of product on areas of skin at risk, including between the fingers and on the fingernails

NB: Using skin care products does not release you from your duty to take the prescribed protective measures

Protection Rating 2

Skin exposure to heavy, changing contamination

**FORMAT: CREAM**

FEATURES	BENEFITS
Contains skin protectant Eucoriol®	<ul style="list-style-type: none"> <li>• The astringent properties of Eucoriol® contract and toughen the upper layer of the skin, helping to reduce swelling when working in wet or damp conditions and making the skin more resistant to mechanical stressing</li> </ul>
Contains emollients and conditioning, moisture-binding ingredients	<ul style="list-style-type: none"> <li>• Known to help skin feel more comfortable and keep the skin moist and flexible, helping to prevent cracks</li> </ul>
Perfume-free and dye-free	<ul style="list-style-type: none"> <li>• Universally accepted</li> <li>• Ideal for people who are sensitive to fragrances</li> </ul>
Awarded with the quality seal ECARF	<ul style="list-style-type: none"> <li>• Ideal for persons suffering from allergies and suitable for sensitive and eczema-prone skin</li> </ul>

## STATUTORY REGULATIONS

This product is regulated by and compliant with the Cosmetic Regulations in the Canadian Food and Drug Regulations of Health Canada. Deb products are produced and tested to ensure they meet the quality requirements for registration and/or approval by Health Canada.

## SAFETY DATA SHEETS

For Safety, Environmental, Handling, First Aid and Disposal information, please refer to the Safety Data Sheet which can be downloaded from [www.debgroup.com/ca/msds](http://www.debgroup.com/ca/msds).

## QUALITY ASSURANCE

Deb products are manufactured in facilities which follow Current Good Manufacturing Practice (cGMP) and/or Cosmetic GMP requirements.

All raw material used for production undergo a thorough quality control process before being used for manufacturing in Deb's high quality products.

All finished products are subject to intensive quality testing before being shipped out to our customers.

## SHELF LIFE

This product has a shelf life of at least 30 months from the date of manufacture when stored unopened at room temperature.

## PACK SIZES

Stock Code	Size	Case Quantity
SGP100ML	100ml tube	12
SGP1L	1 litre cartridge	6

## COMPATIBILITY ASSURANCE

**Skin Compatibility Test:** The skin compatibility of Stokoderm<sup>®</sup> Grip PURE was tested using state of the art dermatological tests using voluntary test panels. In these tests, as well as in practical use, Stokoderm<sup>®</sup> Grip PURE has proven to have very good skin compatibility.

## EFFICACY TESTS

**Testing the Efficacy:** The protective action of Stokoderm<sup>®</sup> Grip PURE was tested using the modified Tandem Repetitive Occlusive Irritation Test (TRIT), a modern skin physiology in vivo test. The model irritants are occlusively applied to the skin twice a day for 30 minutes over a period of four days. The resulting skin irritation is defined and compared with the help of the visual score (VS); the resulting barrier damage with help of the transepidermal water loss (TEWL). Results: Stokoderm<sup>®</sup> Grip PURE significantly reduces the irritation effect of the test irritants compared to unprotected skin.

## CERTIFICATIONS

**ECARF Seal of Quality:** The European Centre for Allergy Research Foundation (ECARF) awards the ECARF-quality seal to allergy-friendly products. Cosmetics can receive this seal when following criteria are met:

1. Quantative risk assessment of the product ingredients with respect to their potential for sensitization, taking into account their specified conditions of use and amount
2. Medically supervised clinical trials by volunteers with atopic dermatitis
3. Approved system of quality control management
