

**MAXIMIZER™**

**CLEANING TOOLS**

**THAT SAVE TIME**

# PRODUCTIVITY MAXIMIZED

## REDUCING TIME OF A STEP

Maximizer™ cleaning tools are engineered to minimize interruptions to help speed up tasks and keep facilities looking their best. Innovations like the new **Maximizer 3-in-1 Floor Prep Tool** and the **Maximizer Quick Change Cleaning System** are engineered to help workers save time by completing tasks faster.

## REDUCING STEPS WITHIN A TASK

Standard cleaning tasks often require several steps, and occasional re-work, before completion. Extra time spent on a single task is unproductive for workers and facilities. The **Maximizer Push-to-Center Broom**, the **Maximizer Wet/Dry Debris Pan with Broomgee**, and the **Maximizer Heavy Duty Debris Pan**, reduce the steps needed to complete cleaning tasks, helping workers save time.

## REDUCING USER EFFORT

Maintaining facilities is tough work. Over time, routine cleaning tasks can lead to repetitive stress injuries on the body that can be costly for workers and facilities. The **Maximizer Overhead Cleaning Tool** and **Maximizer Dust Mop with EZ Access Scraper**, are engineered to give workers enhanced control with less weight than standard cleaning tools, reducing strain on the worker.

## THE IMPORTANCE OF PRODUCTIVITY

In early 2017, output increased only **1%** while hours worked increased **1.6%.\***

Labor Rates Have Increased **26%** Since 2006 outpacing productivity growth by **3.8%\***

# WET / DRY DEBRIS PAN AND BROOMGEE™

Reduce the time needed to clean up a variety of messes by preventing dry and wet debris from spilling back onto the floor.

The Maximizer™ Wet / Dry Debris Pan holds 10X more liquid\* for hassle-free cleanup of any mess.

The Maximizer Broomgee™ double-sided broom and squeegee is a 2-in-1 broom featuring bristles and a squeegee.

\*vs. standard Rubbermaid Commercial Lobby Pro® debris pans

## EFFICIENT CLEANING

This wide, uniquely shaped pan allows liquid and solid debris to easily collect in the pan.

## REDUCES SPILLS

Integrated baffles hold 10X more liquid for efficient clean up and less rework.

\*vs. Standard Rubbermaid Commercial Products Lobby Pro dust pans

## HIGH CAPACITY

Holds up to 32oz of liquid

# BROOMGEE™

Double-sided broom and squeegee sweeps wet or dry debris

## LONG-LASTING SQUEEGEE

Long-lasting, 2.5" TPE squeegee blade handles the toughest liquid spills.

## DURABLE BRISTLES

Durable polypropylene bristles effectively sweep up solid debris.

## CONVENIENT STORAGE

Broomgee easily connects to the hanger bracket on the Wet/Dry Pan for easy storage and transport.

# WET / DRY DEBRIS PAN

Baffles retain 10x more liquid than standard Rubbermaid Commercial Products Lobby Pro dust pans

## ANGLED SIDES

The Maximizer™ Push-to-Center Broom is engineered with angled sides that capture more debris per stroke.\*

\*vs. Standard Rubbermaid Commercial Products push brooms

## IMPROVED DEBRIS COLLECTION

The unique design creates a centralized debris pile for fast clean up.

## AVAILABLE IN FINE AND MULTI-PURPOSE BRISTLES

Durable polypropylene bristles can be used on smooth and rough surfaces, effectively sweeping dry and wet debris. PVC bristles remove fine dirt and debris on smooth, polished surfaces.

## DURABLE CONSTRUCTION

Polypropylene foamed block resists cracking, splitting, warping and rotting. Lightweight steel handle with supporting yoke holds up to repeated use.

# PUSH-TO-CENTER BROOM

## CAPTURES MORE DEBRIS PER STROKE\*

The Maximizer™ Push-to-Center Broom reduces the time needed to sweep and collect debris. Unique angled sides capture more debris per stroke.

It also reduces the amount of debris that falls off, which limits the number of passes needed to clean an area.

\*vs. standard Rubbermaid Commercial push brooms

## EXTRA LARGE OPENING

Extra large opening is wide enough to fit an 18" push broom.

## HUGE CAPACITY

Storage capacity reduces trips to empty the pan

## LOCKS IN PLACE

Locking latch for secure lifting and emptying of heavy loads up to 25 lbs.

## ERGONOMIC HANDLE

Angled, ergonomic handle for reduced strain when sweeping debris into pan.

# HEAVY DUTY DEBRIS PAN

## WIDE OPENING FITS 18" PUSH BROOMS

The Maximizer™ Heavy Duty Debris Pan is oversized with an extra large opening. It's compatible with 18" brooms, holds heavy loads up to 25 lbs., and its huge capacity reduces trips to empty the pan.

## SWITCH TOOLS IN LESS TIME

Make routine cleaning faster by switching between tools in less time.

## INCREASED ACCESSIBILITY

Increase accessibility to frequently used cleaning tools by adding onboard storage to current carts.

## PAD COMPATIBILITY

Compatible with existing RCP microfiber pads and duster sleeves.\*

\*Sold separately

## TOOLS FOR COMMON JOBS

Select from a microfiber frame, duster, squeegee, scrub brush, and floor prep tool. Add a storage tray for convenient access.

# QUICK CHANGE CLEANING TOOLS

## SWITCH TOOLS IN LESS TIME

The Maximizer™ Quick Change Cleaning Tool system is designed to make routine cleaning faster, switching between tools in less time. The innovative storage tray fastens to carts and accepts specially designed tool heads that can be changed out with the click of a button.

The Quick Change system is designed for easy attachment of Maximizer cleaning tools.

Reduces trips to the supply closet to retrieve additional cleaning tools.

# QUICK CHANGE TOOL SYSTEM

## STORAGE TRAY

Compact design fastens to most housekeeping and cleaning carts. The built-in compartments house up to 3 different tool attachments. Tray can be easily installed with enclosed hardware (instructions included).

## MICROFIBER FRAME

Microfiber frame accepts 18" Rubbermaid Commercial Products microfiber pads\* and flat profile easily slides under furniture and equipment.

\*Sold separately

## DUSTER FRAME

Duster frame accepts Rubbermaid Commercial Products duster sleeves.\* Contoured for better pick up of dirt & debris on curved surfaces. Excellent for cleaning hard-to-reach areas.

\*Sold separately

## SQUEEGEE

EVA Foam Rubber Blades are designed for easy removal of liquids.

## SCRUB BRUSH

Durable polypropylene bristles retain shape through repeated use and are effective on wet or dry surfaces.

## FLOOR PREP TOOL\*

Includes a durable scrubber for general cleaning, an eraser to lift scuffs, and a scraper to remove stuck on debris.

\*Floor Prep Tool does not fit in the storage tray

## EXTENSION HANDLE

Extendable handle with 4 positions, adjusting up to 60" length, can be shortened for efficient storage in between uses. The quick change connection is compatible with all Maximizer™ cleaning tool attachments.

### EXTENDED REACH

Telescoping handle extends to 10' for maximum access to high surfaces. Cleans hard to reach spaces with less effort.

### ROTATING HEAD

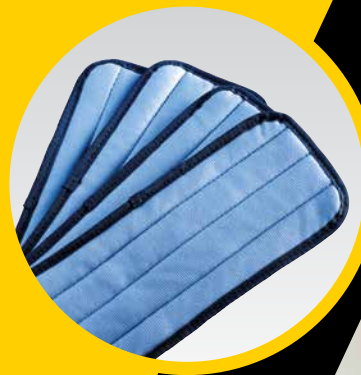

Multi-directional rotating head turns and locks into three positions delivering better leverage when cleaning overhead surfaces.

### PAD COMPATIBILITY

Frame accepts 11" wall / stair and 11" window cleaning pads.\*

\*Sold separately

# TECHNOLOGY CENTER

## OVERHEAD CLEANING TOOL

### CLEAN HARD TO REACH SPACES WITH LESS EFFORT\*

The Maximizer™ Overhead Cleaning Tool is engineered with a lightweight, telescoping handle that easily accesses elevated cleaning surfaces. The multi-directional, rotating head fits in hard-to-reach spaces while maintaining the preferred angle for better leverage and improved performance.

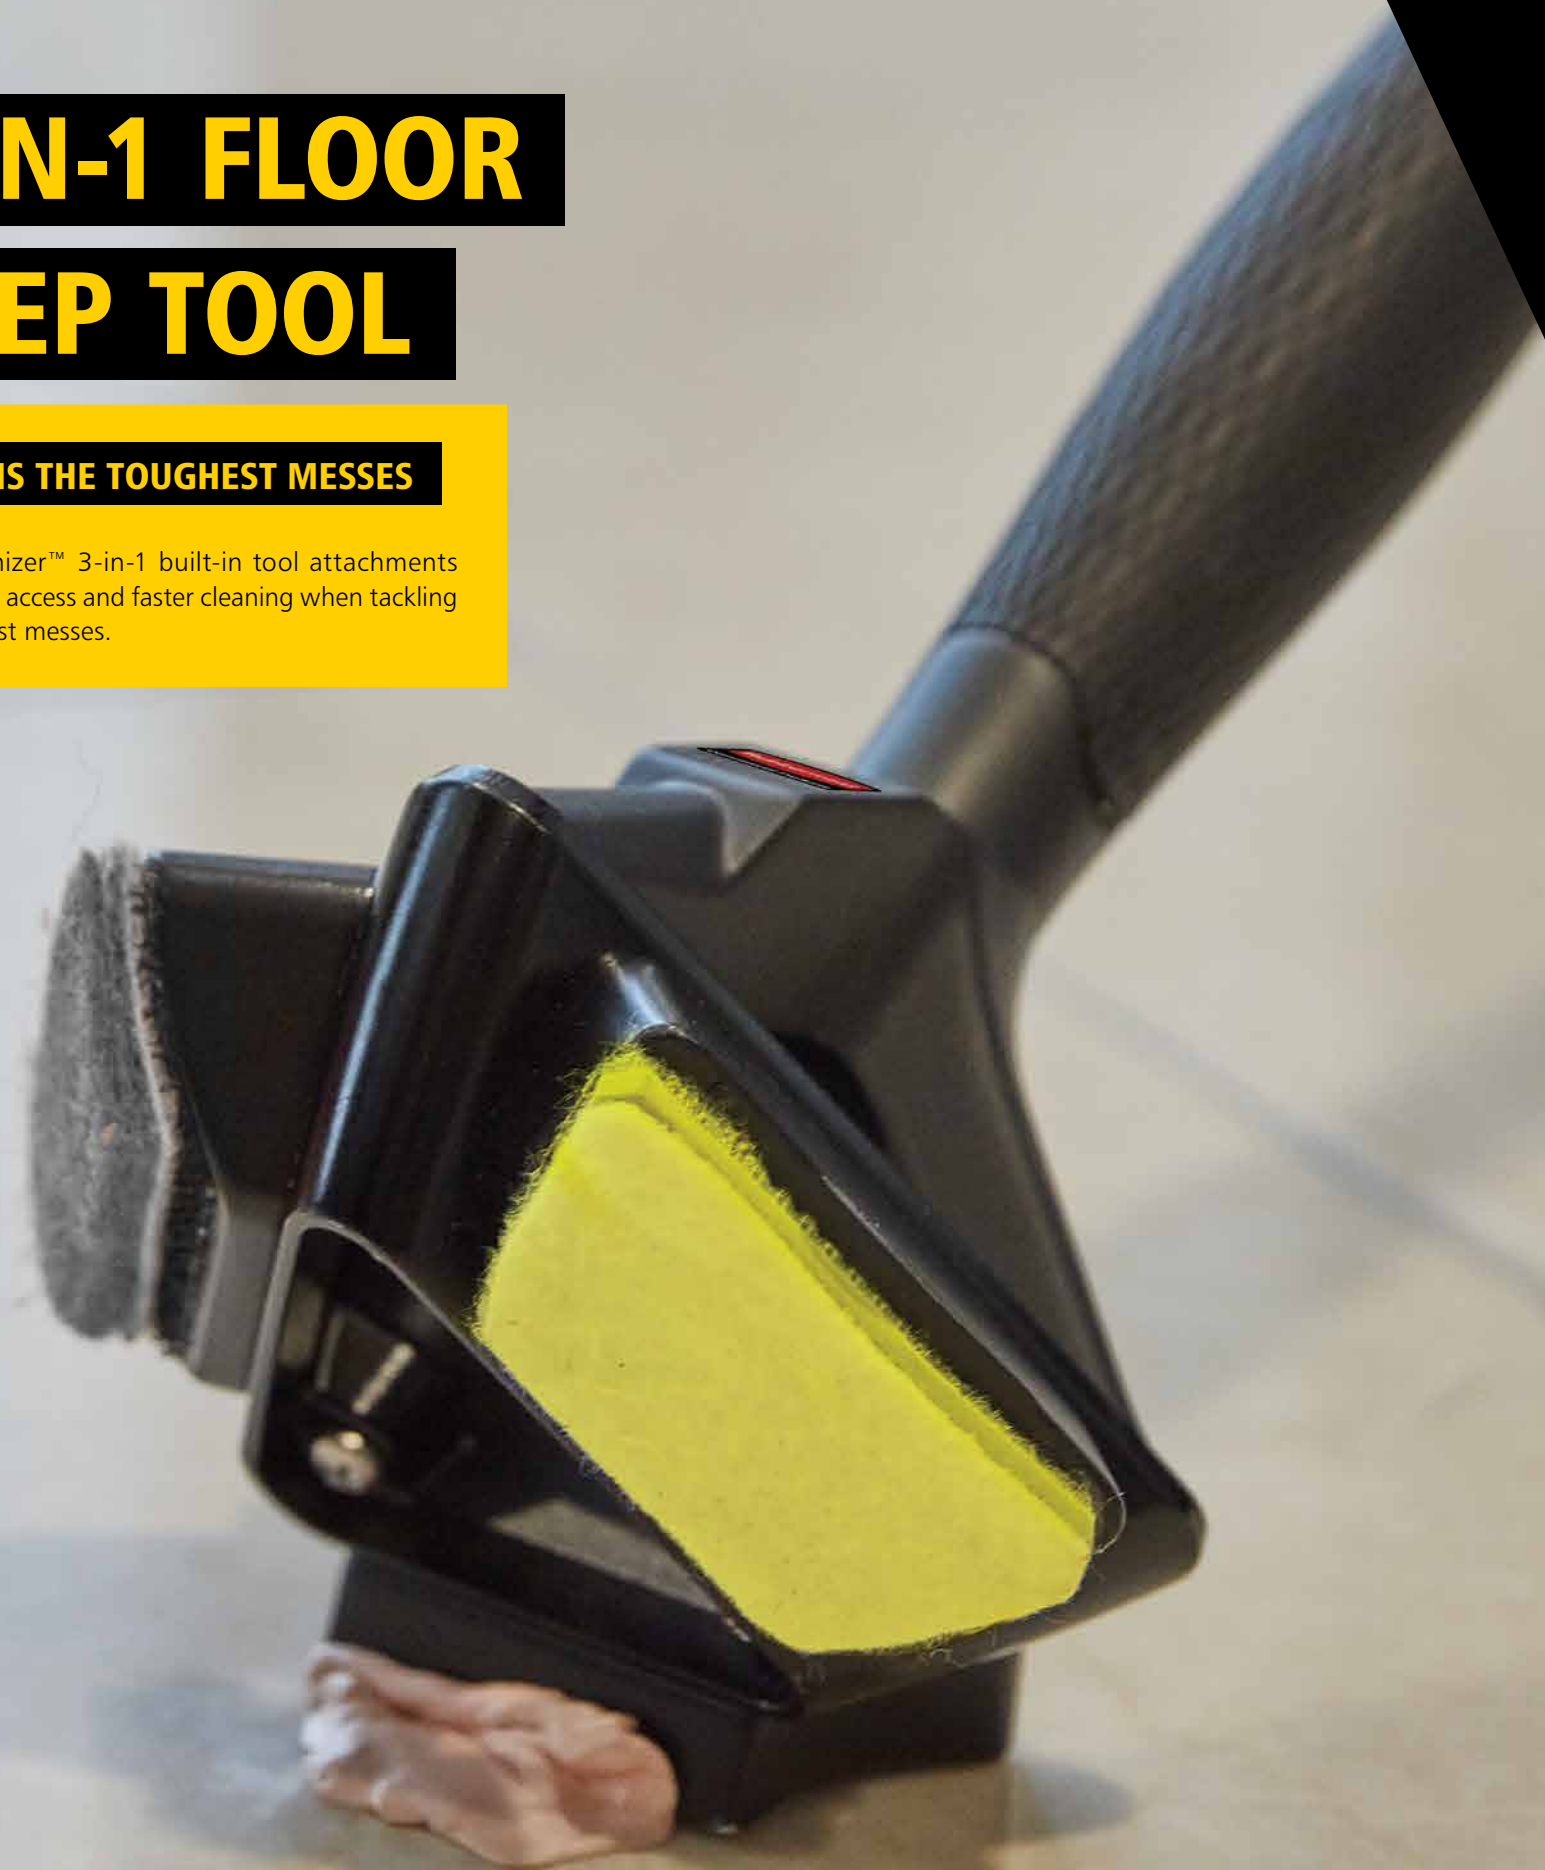

\*vs. Standard Rubbermaid Commercial flat mops

# 3-IN-1 FLOOR

# PREP TOOL

## CLEANS THE TOUGHEST MESSSES

The Maximizer™ 3-in-1 built-in tool attachments deliver easy access and faster cleaning when tackling the toughest messes.

### SCRUBBER PAD

Designed for general cleaning and constructed of durable polyester fibers for long life.

### SCUFF REMOVER PAD

Lifts stubborn floor scuffs left behind by traditional cleaning tools. Made of durable polyester fibers and EVA foam rubber for long life.

### REPLACEABLE SCRAPER

Removes dry, stuck-on debris left behind by traditional cleaning tools. Constructed of high strength ABS material for long life.

### QUICK CHANGE HANDLE

Lightweight, quick change handle for easy tool attachment.

# DUST MOP WITH EZ ACCESS SCRAPER

## BUILT-IN SCRAPER CLEANS STUCK-ON MESSSES

The Maximizer™ Dust Mop with EZ Access Scraper is up to 30% lighter\* for reduced worker effort. The Scraper offers quick cleaning of tough, stuck on debris. The dust mop pads are available in 24" and 36" widths.

\*24" Frame and Quick Change Handle vs. standard 24" Dust Mop Frame and Handle.

## EZ ACCESS SCRAPER

Allows for quick clean up of stuck-on debris and easily clips on 15/16" to 1 1/8" diameter thick handles. Features a stainless steel blade for flexibility and long tool life, and a molded grip for comfort.

## QUICK CHANGE HANDLE

Lightweight, quick change handle for easy tool attachment.

## DUST MOP PAD

Pre-treated for optimal performance on the very first use. Hook and loop backing attaches securely to frame. All-sewn construction. Fully launderable up to 40 cycles without bleach.

### 30% MORE COVERAGE

Delivers the industry-leading mop spread, allowing it to provide 30% more floor coverage than the standard wet mop.

### 25% LESS WEIGHT

When wrung out, the Maximizer™ mop weighs 25% less than the standard mop – which helps to alleviate exertion.

### MICROFIBER

Monofilament microfiber blend allows the Maximizer™ Microfiber Mop to deliver the highest level of absorbency while providing industry-leading durability.

### BLEND

Blend delivers the highest absorbency ratio of any mop in its class, able to pick up five times its dry weight.

# MAXIMIZER™ WET MOP

## 30% MORE COVERAGE AND 25% LESS WEIGHT

The Maximizer™ mop's unique design delivers the industry-leading mop spread, allowing it to provide 30% more floor coverage than the standard wet mop. By allowing your staff to clean floors faster, the Maximizer delivers improved productivity, providing your team with more time to focus on the additional tasks of the job.
